Preseterium

How to Use Presets

For Windows (Lightroom Classic):

1. **Download Presets**
   - Save the downloaded preset files (.xmp format) to a folder on your computer.
2. **Open Lightroom Classic**
   - Launch Lightroom and go to the **Develop** module.
3. **Import Presets**
   - In the left panel under **Presets**, click the **+** icon and select **Import Presets**.
   - Navigate to the folder where you saved the presets and select the files.
4. **Apply a Preset**
   - Open a photo in Lightroom.
   - In the **Presets** panel, click on a preset to apply it instantly.

For Mac (Lightroom Classic):

1. **Download Presets**
   - Save the preset files (.xmp format) to your Mac.
2. **Open Lightroom Classic**
   - Launch Lightroom and switch to the **Develop** module.
3. **Import Presets**
   - Click the **+** icon in the left panel under **Presets** and choose **Import Presets**.
   - Select the presets from your download folder to add them to Lightroom.
4. **Apply a Preset**
   - Open an image in Lightroom, and choose a preset from the **Presets** panel to instantly edit your photo.

How to Use Presets in Lightroom (Version 14)

For Windows and Mac:

1. **Download Presets**
   - Save the preset files (.xmp format) to a folder on your computer.
2. **Open Lightroom (Version 14)**
   - Launch Lightroom and ensure you're in the **Edit** mode by selecting the **Edit Panel** on the right-hand side.
3. **Import Presets**
   - Click on the **Presets** button at the bottom of the **Edit Panel**.

- In the Presets menu, click the **three dots** in the upper-right corner and choose **Import Presets**.
- Navigate to the folder where you saved the presets and select the .xmp files to import them.

4. **Apply a Preset**
   - Select a photo and open the **Presets** menu.
   - Browse your imported presets, then click on one to instantly apply it to your photo.

5. **Customize and Save Changes**
   - After applying the preset, you can tweak the settings (e.g., exposure, contrast, etc.) to match your preferences.

Thank You for Choosing Presetrium!
